

Solid Waste Management Department Hazardous Waste Disposal Companies

The City's Household Hazardous Waste Facility does not accept any materials (regardless of type) from commercial users. This ban also applies to schools, apartments, and churches. For your convenience, we have listed some private companies that offer these services. Being on this list is not an endorsement from the City. Fees may apply for recycling services. If you are a service provider wanting to be added to this list, please send your company information to the City's [Disposal Manager](#)
